# Foster Wheeler Operating Groups

## Global Engineering & Construction Group

Our E&C Group accounted for about 70% of the company's scope revenues in 2010. It offers a full range of services, including studies, front-end design (FEED); engineering, procurement, construction (EPC); and project management services for the following key markets:

- Upstream oil and gas
- Midstream, including LNG liquefaction, gas-to-liquids, coal-to-gas, coal-to-liquids, carbon capture/sequestration
- Oil refining (including delayed coking)
- Chemicals and petrochemicals
- Pharmaceuticals/ biotechnology
- Mining and metals

Our E&C Group is also involved in power project development and environmental remediation.

*Major engineering centers:* United Kingdom, Italy, United States, Singapore, Thailand, China, India, France, Spain, South Africa.

## Global Power Group

Our GPG business accounted for about 30% of the company's scope revenues in 2010. It offers a full range of steam generator equipment, aftermarket products and services to the power, industrial and waste-to-energy sectors. Areas of expertise:

- Flexible-fuel circulating fluidized-bed (CFB) steam generators
- Leader in the combustion of carbon-neutral fuels such as biomass
- Supercritical technology for CFB and pulverized-coal steam generators

The Group is also developing Flexi-Burn™ technology as part of a practical CO<sub>2</sub> solution.

*Major engineering centers:* United States, China, Finland, Spain, Poland.

*Fabrication facilities:* China, Poland, Spain.
